## INTRODUCTION

Equal opportunity in employment is a fundamental right of all citizens and a responsibility of employers under State and Federal Laws. The Department of Business Regulation is committed to insuring equal employment opportunity in an affirmative and active manner as specified in Gubernatorial Executive Order 8-73 and in accordance with the Constitution of the State of Montana (Article II, Sections 3 and 4; Article X, Section 7); the Montana Human Rights Act of 1974, as amended, (Section 64-301 to Section 64-315, R.C.M. 1947); the Montana Code of Fair Practices Act of 1975 (Section 64-316 to Section 64-330, R.C.M. 1947); Title VII of the Civil Rights Act of 1964, as amended; the Equal Pay Act of 1963; and the Age Discrimination in Employment Act of 1967. With the Affirmative Action Plan which follows, the Department of Business Regulation pledges its continued support for these State and Federal Laws, rules and regulations covering nondiscrimination in employment.

## DEFINITIONS

The following definitions shall apply for purposes of this Affirmative Action Plan.

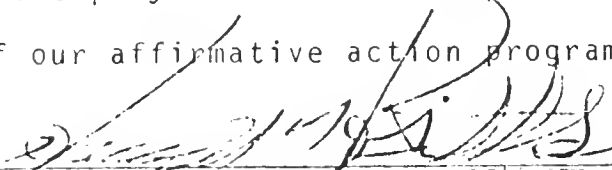

1. "Affected Class" - refers to those groups of people who have suffered and continue to suffer effects of past discrimination. This includes, but is not limited to persons in the following categories: minorities, women, physically or mentally handicapped, aged, ex-offenders, religious groups, public assistance recipients, or those discriminated against because of their marital status, political beliefs, national origin or ancestry.
2. "Employee" - means any individual regularly employed by an agency on a part or full-time basis.
3. "Executive Officer" - means the highest ranking officer and chief administrator of an agency, responsible for all functions within that agency.
4. "Equal Employment Opportunity Officer" - refers to the person, under the supervision of the "Executive Officer", responsible for coordinating and implementing the agency's Affirmative Action Plan in conjunction with requirements established by the Equal Employment Opportunity Bureau.
5. "Good Faith Effort" - means that every reasonable effort has been undertaken to meet the goals and timetables established in the Affirmative Action Plan.
6. "Bona Fide Occupational Qualification" (BFOQ) - refers to an exception to the discrimination provisions upheld by Equal Employment Opportunity laws. A BFOQ may permit an employer to discriminate where a job requires certain restrictions on qualifications that are essential to the accomplishment of the job.
7. "Affirmative Action" - means steps taken to remedy the inadequate and inequitable staffing and recruitment patterns that are the present consequences of discrimination and to prevent the occurrence of employment discrimination in the future.

It is the policy of the Department of Business Regulation to provide equal employment opportunities for all persons regardless of race, color, religion, national origin, age, marital status, ancestry, receipt of public assistance, political beliefs, physical or mental handicap, ex-offender status and sex. To this end, we are implementing and will sustain a deliberate effort to equalize employment opportunities for minorities and women at all levels and in all segments of the Department's work force.

Affirmative action to eliminate discrimination on the above-named bases (except where sex, ex-offender status and/or physical or mental handicap constitute a bona fide occupational qualification) includes, but is not limited to employment, recruitment, advertising, hiring, transfer, promotion, demotion, training, compensation, benefits, layoff, terminations and conditions of employment. All applicants for Department employment will be recruited from the available labor market and employed in accordance with each person's qualifications and abilities.

Jim Burns, Chief for the Proprietary School Bureau, is the Department's Equal Employment Opportunity Officer. Mr. Burns, on behalf of the Department Director, has over-all responsibility for coordinating the equal employment opportunity and affirmative action efforts of the Department. However, equal employment opportunity, like all Department goals, can only be reached with the active cooperation and support of every Department employee. Thus, all employees are held responsible for helping to assure the success of our affirmative action program.

The analysis reveals an overutilization of women in this category. The Department will, therefore, make a good faith effort to increase the utilization of men in equal employment opportunities.

## Section 2. Availability Study

The analysis completed for each job category on the Goals and Timetables Worksheets is based on the State of Montana as the recruitment and relevant external labor market area. Data on minority and female availability in the labor market area were drawn from Table 172 of the 1970 U.S. Census. "Native American Statistics" from the Bureau of the Census provided information on Native American availability in the analysis of the Office and Clerical category.

The analysis revealed an underutilization of women in the Officials/Administrators, Professionals and Technicians categories. Accordingly, goals have been established to correct these areas of underutilization.

The analysis also revealed an overutilization of women in the Office and Clerical category. The Department will, therefore, make a good faith effort to increase the utilization of men in this category.

Employee turnover information by job category for the Department is detailed on page 13. This information was considered in establishing timetables for correcting areas of underutilization.

Information on promotables and training opportunities is included in IX. Job Structuring and Upward Mobility.

Should the employment circumstances in the Department change sufficiently to warrant a change in the goals and timetables specified here, the Department will recommend and request approval from the State EEO Bureau for such revisions. All requests for revisions will be submitted in good faith and with a continuing commitment to the success of the Affirmative Action Program.

<u>Action Item</u>	<u>Responsible Official</u>	<u>Target Date</u>
1. The goals and timetables established will be reviewed and more appropriate timetables established, if necessary. Any such changes will be subject to the approval of the State EEO Bureau through final approval of the Department's Affirmative Action Plan. ## APPENDIX 3 - ALTERNATIVE SELECTION PROCEDURES

### Alternative Procedure A

A selection committee comprised of at least three members will conduct the selection and placement procedures for hiring of all new employees. The committee will participate in screening and interviewing all applicants and will submit recommendations on the applicant to be hired. The EEO Officer or his/her designated representative will participate on all committees. Minority and female committee members will be included whenever possible. All employees selected to serve as committee members must have completed affirmative action training with emphasis on nondiscriminatory procedures for screening, interviewing, selection and record-keeping prior to serving on a selection committee.

### Alternative Procedure 2

All employees responsible for hiring decisions will review and analyze the job descriptions and requirements of each position for which they are responsible. Specific job-related qualifications and considerations will be identified and used to develop written interview questions designed to obtain information on the applicant's ability to fulfill the duties of the position. All applicants for a position will be asked the same questions which will have been developed through the procedure outlined above. Specific reasons for rejecting apparently qualified women and minority applicants will be documented by the employee who made the decision. Such documentation will be reviewed by the EEO Officer and maintained by the Centralized Services Division. Prior to reviewing job descriptions and preparing written questions, all employees involved will complete affirmative action training with emphasis on selection procedures.

#### APPENDIX 4 - MATERNITY LEAVE (Title 41, Chapter 26, R.C.M. 1947)

41-2601. DEFINITIONS (1) "Commissioner" means the commissioner of labor and industry.

(2) "Employer" means any public or private employer.

41-2602. DENIAL OF MATERNITY LEAVE UNLAWFUL. (1) It shall be unlawful for an employer or his agent:

(a) to terminate a woman's employment because of her pregnancy, or

(b) to refuse to grant to the employee a reasonable leave of absence for such pregnancy, or

(c) to deny to the employee, who is disabled as a result of pregnancy, any compensation to which she is entitled as a result of the accumulation of disability or leave benefits accrued pursuant to plans maintained by her employer; provided that the employer may require disability as a result of pregnancy to be verified by medical certification that the employee is not able to perform her employment duties, or

(d) to retaliate against any employee who files a complaint with the commissioner under the provisions of this act, or

(e) to require that an employee take a mandatory maternity leave for an unreasonable length of time.

(2) Upon signifying her intent to return at the end of her leave of absence, such employee shall be reinstated to her original job or to an equivalent position with equivalent pay and accumulated seniority, retirement, fringe benefits, and other service credits unless, in the case of a private employer, the employer's circumstances have so changed as to make it impossible or unreasonable to do so.

41-2603. COMPLAINT--HOW FILED. A person claiming to be aggrieved by a violation of section 41-2602 may make, sign, and file a verified complaint with the commissioner of labor and industry which shall state the circumstances of the violation and the particulars thereof and shall contain such other information as may be required by the commissioner. In addition, the commissioner whenever he has reason to believe that section 41-2602 has been or is being violated, may issue a complaint. Within sixty (60) days of the receipt of a complaint the commissioner shall state his findings of fact and decision.

If, upon all the evidence, the commissioner finds that a respondent has engaged in a violation of section 41-2602, he shall state his findings of fact and shall order the respondent to reinstate the complainant if she so desires and to pay to the complainant the damages resulting from the violation. If, upon all the evidence, the commissioner finds that the respondent has not engaged in a violation of section 41-2602, he shall state his findings of fact and shall dismiss the complaint.

41-2604. ENFORCEMENT. The commissioner or his authorized representatives may enter and inspect such places, question such employees, and investigate such facts, conditions, or matters as they consider appropriate, to determine whether any person has violated any provision of this act or any regulation issued hereunder or which may aid in the enforcement of the provisions of this act.

The commissioner or his authorized representatives may administer oaths and examine witnesses under oath, issue subpoenas, compel the attendance of witnesses, and the production of papers, books, accounts, records, payrolls, documents, and testimony, and take depositions and affidavits in any proceeding before the commissioner.

41-2605. REGULATIONS. The commissioner shall make and revise administrative regulations to carry out the purposes of this act. Rule making under this act shall comply with the provisions of the Montana Administrative Procedure Act.

41-2606. INDIVIDUAL ACTION. Nothing in this act shall preclude an individual from prosecuting a private action in the district court alleging violation of the provisions of this act or any other act.
